Standards Document

- The Standards Subcommittee worked extensively to complete the document, which was then approved by the larger ESG Committee.
- The document was unanimously approved by the Board in November 2024.
- Following this, the document was sent in December to the professional team involved in the work of the Board, with an instruction to implement it.
- The Director General and Secretary-General asked the Deputy Director General for Strategy to prepare a proposal for the implementation of the Performance Assessment Plan. The measurement document will be ready for the next BOG meeting to be align with the revised strategy.

Signing on Compulsory Documents

- The forms were sent to the members at the beginning of the year, and automatic reminders were sent multiple times, at least twice to each member.
- Representatives of partner organizations were asked by us to assist with the missing signatures.
- The following are the final percentages:

Signing Statistics – 2024

[% of those who signed the forms]

	WZO	JFNA/UIA	KH
